

Full-Stack Application Owner

(Workload 80-100%)

We are a very broad-based 5-person IT-Team that ensures the efficient and effective operation of our business teams and offices. Out of our headquarter in Küsnacht (ZH) and as of 2025 directly at the Bellevue in Zurich we operate our own data centers and evaluate, develop and maintain our systems and services ourselves and in collaboration with partner firms. Two colleagues take care of the IT infrastructure and three of the business applications. Each of us also helps out with support. Our application landscape consists of standard software, but also of various custom applications, all of which are based on MS technologies.

What makes you stand out

- The willingness to take responsibility for applications, to maintain and to further develop them actively and independently
- The ability to specify requirements, to convey the necessary know-how to users as well as to support them in a situational and goal-oriented manner
- Sound experience in software development and programming
- Analytical and holistic thinking as well as a solution-oriented approach. You see problems foremost as a challenge which you tackle with motivation and commitment
- Distinct team player with service mentality, combined with a high degree of self-motivation and quality awareness
- Structured work, willingness to learn and fluent communication skills in D/E
- A recognised higher education and several years of professional experience in a comparable environment
- Valid CH-Work permit

Ideally, you bring along the following

- Experience in the Funds and Asset Management industry
- MS CRM, DMS/SharePoint, M365 with Power Toolbox, SQL Management Studio, Powershell, Visual Studio, Docker, GitHub, Jira, Confluence
- T-SQL, C#, Python, JavaScript, VB/VBA
- Experience with Citrix, on-Premise and Microsoft Cloud Technologies

What you can expect from us

- Cooperative, straightforward supportive colleagues
- Versatile work with room to implement own ideas
- Open and transparent company culture, flat and direct hierarchies, short decision-making processes

Bellevue Asset Management ·
Excellence in Specialty Investments

Bellevue is a specialised asset manager with core competencies in healthcare strategies, alternative investments/private equity and selected niche strategies, listed on the SIX Swiss Exchange. We are highly specialised, entrepreneurial in our approach and always independent. Founded in 1993, Bellevue generates attractive investment performance as a house of investment ideas with around 100 employees. Sustainable and responsible business conduct is an indispensable prerequisite for us to live up to Bellevue's claim of creating sustainable added value for clients, shareholders and employees alike.

Independent – entrepreneurial -
dedicated

Our employees are our most important asset. We employ highly trained specialists who work with motivation, passion and creativity in small, agile teams of experts. We offer our employees flexibility in the way they do their jobs: We give everyone the opportunity to optimally contribute their creativity and know-how in an innovative, inspiring environment characterised by constant change. Individuality and a focus on common goals are inseparable.
